The acts complained of in this suit concerns: intentionally and negligently collecting them. Because, once the interests and penalties were finally collected from my 2020 refund, defendants continue to unlawfully, intentional and negligent collecting interests and penalties up to 2022. And the only reason I believe that defendants did not continue to collect up to 2023, is because of the complaint I filed with the IRS and their Operations Director.

Besides the above, and to make matters worse, defendants did not provide me with quality service, when they waited 6 months to request health insurance information and another 6 months to give me a partial unlawful refund of \$145 dollars, for the year of 2021. Unlawful meaning, I was supposed to get \$974.00 dollars and the defendant took \$674.00 dollars for the NYS employment office that I didn't owe to the NYS unemployment office. At the time the NYS unemployment office claimed that I worked more than 4 hours a week, the money was taken out while I was collecting unemployment benefits. Defendants not only intentionally and negligently caused me to wait 1 year for my unlawful 2021 rather than issuing it 60 to 90 days. They also made me wait 1 year for an unlawful 2020 refund, when almost \$1000 dollars were taken out for interests and penalties that should have been taken out a long time ago as stated above. Defendants also did not provide quality service, when I have not to the day of this complaint, received my Government Granted stimulus checks, for the year of 2020 and 2021.

3) Cause of Action 3, right to pay no more interests, penalties and unlawfully paying other States taxes, than what is legally due, and as stated above, defendants have been unlawfully, intentionally and negligently over charging me interests and penalties from 2013 up to 2022. Once the interests and penalties were finally collected during the year of 2020, defendants continue to unlawfully, intentionally and negligently over charged me interests and penalties up to 2022. Defendants also unlawfully, intentionally and negligently took out \$674 dollars for a debt, I did not owe to the NYS unemployment office. I complained to the NYS unemployment office about the debt and showed them proof that the money was taken out while I was collecting unemployment benefits, and similar to the IRS, they think that they are about the law and do not have to respond. Once the \$674.00 dollars were taken out of the \$974.00 dollars 2021 refund, defendants only gave \$145.00 dollars, when it should have been \$300.00 dollars.

4. Cause of Action 4, right to challenge the IRS's position and to be heard, plaintiff filed a complaint against IRS and their Operations Director as required by IRS policies, however, as stated above, defendants think that they are above the law, when they violated their own taxpayer bill of rights, and never responded promptly or at all to my complaint. Defendants did not fairly or promptly respond to my complaint, in violation of my rights to be heard and responded to.

5. Cause of Action 5, right to finality, defendants did not bring finality to the filing of my complaint, or promptly responded. Defendants did not promptly let me know when the audit of my taxes was over nor bring finality to my 2020 and 2021 Government Granted stimulus checks, which I have not received to this day.

6) Cause of Action 6, violation of my fifth and fourteenth amendments to the United States Constitution of due process and equal protection of law. When defendants violated their own Taxpayer Bill of Right laws, they violated my fifth and fourteenth amendments to the United States Constitution due process and equal protection of law, enjoyed by all United States citizens. I should have been able to enjoy the laws of both the Taxpayer Bill of Right and the Rights of United States Constitution Fifth and Fourteenth Amendment, due process and equal protection of law just like all citizens of the United States.
